Payment by Phone to Your Creditors

Tired of writing checks, forgot to mail your check to your creditors. Simply ask them if they will accept a payment by phone by using our **Routing number 226077862 + your account number**. Your creditors may charge a fee for this service, please inquire with them first. Never withdraw the funds from your account first and attempt to pay your creditors with that check, the transaction will never go thru since the routing number is not the same as the one listed above.
