## Get Your Tax Refund Faster with Direct Deposit

Your federal and state income tax refunds can be deposited directly into your Savings or Checking Account at the credit union.

*The process is:*

**Quick:** Directly deposited tax refunds come weeks before checks in the mail.

**Easy:** Just check the Savings or Checking Account box, enter your credit union member number (not the last four digits of your social security number) and enter our routing number 226077862.

**Convenient:** You don't have to go to the credit union to make a deposit.

**Safe:** Your check won't get lost or stolen in the mail.

If your tax return is a joint return, your refund must be deposited into a joint account. Direct deposit must go through the ACH process since we do not support wire transactions.
