Application approval will depend on your loan repayment ability, your established credit payment history with others, your length of employment, as well as other factors the Credit Union considered important to the repayment of the loan.

Payroll deductions are considered a privilege and an employment benefit, not a guarantee that a loan will be made to the member, nor will it demonstrate that you can afford the loan payment required to satisfy your planned obligation. This service to you only avoids you having another bill at the end of each month and makes it easier for you to pay your obligations from your income. So please remember, it is a convenient service that we provide to you to help you save and may help you get a better credit rating over a period of time. Thank you for your application. Please understand that your Credit Union is special, in as much as we and your Union, want you to have a better financial life. Accordingly, when we cannot provide you with a favorable loan decision or amount you like, want or need, it is not that we do not want to provide you with the loan. More likely, it may cause you financial harm in the long run, if you cannot afford or can't demonstrate your ability to repay the loan from your resources. We have your best interests in mind and the rest of the membership, where other lenders may not. We are in the business of making loans; we can't always do what we want no matter how hard we try. Rates and terms and loan offerings are subject to change and or withdrawal, without prior notice. All loans are Risk Score rated except share secured loans. See reverse side for additional loan information and terms.
